Dear Mr. Huizinga,

Enclosed are the English translations you sent me and the translation of the van Loon letter. Thank you very much. I am sorry I couldn't return them sooner.

I will appreciate receiving your bulletin as if becomes available. Those issues I have gobe through I think are far and away the best any of the various information centers are turning out. I'd like very much to have those issued since I saw you.

I'll be glad to send you some copies of the story when it appears.

Sincerely yours,

Harold Weisberg
